

**AIR QUALITY PERMIT NOTICE**  
**Revised Proposed Title V Permit V-06-007 Revision 3**  
**East Kentucky Power Cooperative, Inc.**  
**Source I.D.#: 21-161-00009**

East Kentucky Power Cooperative, Inc. (EKPC) of 4775 Lexington Road, Winchester KY, 40391, submitted an application for a permit revision to the Kentucky Division for Air Quality (DAQ) to evaluate the applicability of Section 112(g) of the Clean Air Act for their Circulating Fluidized Bed Unit 4 (CFB Unit 4) at the Hugh L. Spurlock Generating Station, located at 1301 West 2nd Street, Maysville, KY 41056. On September 25, 2009, DAQ received an Order from U.S. EPA responding to a Petition filed by Sierra Club (IV-2008-04) requesting U.S. EPA to object to the permit. The Order required DAQ to address 112(g) applicability for all hazardous air pollutants (HAPs) from CFB Unit 4. To address the Order, a significant change in emission limits, monitoring, reporting, testing and recordkeeping is required in the permit. Therefore, DAQ is issuing a revised proposed permit to address U.S. EPA's Order. This revision includes additional emission limits, monitoring, testing, and recordkeeping conditions to ensure that limits of HAPs from CFB Unit 4 are enforceable as a practical matter and to preclude applicability of Section 112(g) of the Clean Air Act. DAQ is only soliciting comments on Section 112(g) applicability and the revised emission limits, monitoring, reporting, testing and record keeping conditions.

Previous public notices for the permit (V-06-007R2) were published in the Ledger Independent newspaper on January 4, 2008. All other comments to the permit (V-06-007R2) have been previously addressed and are not subject to further comment.

An electronic copy of the Division's revised proposed permit is available at <http://www.air.ky.gov/permitting/>. Official copies of the Division's revised proposed permit and relevant supporting information are available for inspection by the public during normal business hours at the following locations: Division for Air Quality, 200 Fair Oaks Lane, 1st Floor, Frankfort, KY 40601, (502) 564-3999; Division for Air Quality, Ashland Regional Office, 1550 Wolohan Drive, Suite 1, Ashland KY 41102 and the Mason County Public Library, 218 East Third Street, Maysville, KY 41056-1183, (606) 564-3286.

To be considered, any written comments must be received within 30 days following the date of this notice. Comments should be sent to Mr. James Morse at 200 Fair Oaks Lane, 1st Floor, Frankfort, KY 40601 or e-mail at [James.Morse@ky.gov](mailto:James.Morse@ky.gov).

The Division is soliciting comment on the draft permit and will have a public hearing upstairs at the Mason County Courthouse, 221 Stanley Reed Court Maysville KY 41056 at 6:30 pm on December 10, 2009. All relevant comments will be considered in issuing the proposed permit. U.S. EPA has up to 45 days following issuance of the proposed permit to submit comments. The status regarding EPA's 45-day review of this project and the deadline for submitting a citizen petition will be posted at the following website address: <http://www.epa.gov/region4/air/permits/Kentucky.htm> shortly after the end of this 30-day comment period. Further information can be obtained by calling Mr. Ben Markin at (502) 564-3999.
